That's it for 2025! Thank you for undertaking this survey and helping to increase our knowledge of waders on farmland, to better conserve these wonderful birds. Please insert the map of your study area for this Wader Calendar booklet, with fields numbered to match the field numbers in your Wader Calendar booklet. This is important. It is especially helpful if you can provide a summary of the management of each of these fields in the table on the next page. Then fill in Farm Details below and email photos/scan to waders@bto.org, or post to: Wader Calendar, BTO Scotland, Unit 15 Beta Centre, Stirling University Innovation Park, FK9 4NF. We will store and use this information adhering to the BTO Policy on Data and Information (https://www.bto.org/our-science/data/data-and-information-policy).
